UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

DAVID N. ERIKSEN,

No. C 07-05005 (JCS)

Plaintiff(s),

v.

**FURTHER CASE MANAGEMENT AND
PRETRIAL ORDER (NON-JURY)**

UNITED STATES OF AMERICA,

Defendant(s).

/

Following the further Case Management Conference held on May 16, 2008, IT IS HEREBY
ORDERED THAT:

A further Case Management Conference is set for **August 1, 2008, at 1:30 p.m.**, before
Magistrate Judge Spero, in Courtroom A, 15th Floor, U.S. District Court, 450 Golden Gate, San
Francisco, California.

IT IS FURTHER ORDERED THAT:

I. TRIAL DATE

A. Court trial shall begin on **April 6, 2009, at 8:30 a.m.**, in Courtroom A, 15th Floor,
U.S. District Court, 450 Golden Gate Avenue, San Francisco, California.

B. The length of the trial will be not more than four (4) days.

II. DISCOVERY

A. All non-expert discovery shall be completed by November 1, 2008.

B. All expert disclosures required by the Federal Rules of Civil Procedure shall be made
by February 1, 2009.

C. All discovery from experts shall be completed by February 15, 2009.

1 D. In lieu of filing formal discovery motions, lead trial counsel for Plaintiff(s) and lead
2 trial counsel for Defendant(s) shall meet and confer **in person** regarding the subject matter of the
3 Motion(s) in an effort to resolve these matters. After attempting other means to confer on the issue
4 (i.e. letter, phone call, e-mail) any party may demand such a meeting on ten (10) business days'
5 notice. The location of the meeting will alternate with the first location selected by counsel for
6 Plaintiff, the second by counsel for Defendant, etc. Within five (5) business days of the lead trial
7 counsels' meet-and-confer session, the parties shall provide a detailed Joint Letter to the Court. This
8 Joint Letter shall include a description of every issue in dispute and, with respect to each such issue,
9 a detailed summary of each party's final substantive position and their final proposed compromise
10 on each issue. Upon receipt of the Joint Letter the Court will determine what future proceedings are
11 necessary.

12 **III. MOTIONS**

13 All dispositive motions shall be served and filed not less than **thirty-five (35)** days prior to
14 the scheduled hearing date of **December 5, 2008, at 9:30 a.m.** Any opposition shall be served and
15 filed no later than **twenty-one (21)** days prior to the hearing date. Any reply to the opposition shall
16 be served and filed no later than **fourteen (14)** days prior to the date of the hearing.

17 With respect to motions for summary judgment, parties shall follow the procedures outlined
18 in Judge Spero's Standing Order.

19 **IV. SETTLEMENT CONFERENCE**

20 A further settlement conference is set for July 28, 2008 at 2:00 p.m., before Magistrate Judge
21 Maria-Elena James.

22 **V. PRETRIAL CONFERENCE**

23 A Final Pretrial Conference shall be held on **March 27, 2009, at 1:30 p.m.**, in Courtroom A,
24 15th Floor, Federal Building, 450 Golden Gate Avenue, San Francisco. Each party shall attend
25 personally or by lead trial counsel.

26 **VI. TRIAL PROCEDURES**

27 A. Counsel shall *not* prepare a Joint Pretrial Conference Statement. Instead, twenty (20)
28 calendar days in advance of the Final Pretrial Conference, please do the following:

1. In lieu of preparing a Joint Pretrial Conference Statement, the parties shall
2. meet and confer in person, prepare and file a jointly signed, Proposed Final
3. Pretrial Order that contains: (a) a brief description of the substance of claims
4. and defenses which remain to be decided; (b) a statement of all relief sought;
5. (c) all stipulated facts; (d) a list of all factual issues that remain to be tried and
6. organized by counts; (e) a joint exhibit list in numerical order, including a
7. brief description of the exhibit and Bates numbers, a blank column for when it
8. will be offered into evidence, a blank column for when it may be received into
9. evidence, and a blank column for any limitations on its use; and (f) each
10. party's separate witness list for its case-in-chief witnesses (including those
11. appearing by deposition) providing, for all such witnesses other than an
12. individual plaintiff and an individual defendant, a short statement of the
13. substance of his/her testimony and, separately, what, if any, non-cumulative
14. testimony the witness will offer. If non-cumulative testimony is not spelled
15. out, the Court will presume the witness is cumulative. For each witness, state
16. an hour/minute time estimate for the direct examination (only). Items (e) and
17. (f) should be appendices to the proposed order. Witnesses and exhibits not
18. previously included in a party's Witness List and Exhibit List filed before the
19. jury trial in this matter may **not** be included in that party's Witness List and
20. Exhibit List for this bench trial. The objective is to convert the proposed
21. order to a final order with the benefit of any discussion at the Final Pretrial
22. Conference.
23. 2. File each side's proposed Findings of Fact and Conclusions of Law;
24. 3. File each side's Trial Brief;
25. 4. Serve Motions in Limine. No Motions in Limine may be filed that could have
26. reasonably been filed before the Pretrial Conference in this matter. At least
27. ten (10) calendar days before the conference, the responding party shall serve
28. the opposition. There will be no reply. When the oppositions are received,

the moving party should collate the motion and the opposition together, back to back, and then file the paired sets at least seven (7) calendar days before the conference. Each motion should be presented in a separate memo and properly identified, for example, “Plaintiff’s Motion in Limine No. 1 to Exclude” Please limit Motions in Limine to circumstances that really need a ruling in advance. Usually five or fewer motions per side is sufficient. Each motion should address a single, separate topic, and contain no more than seven pages of briefing per side. Leave of Court will be required for more or longer motions.

B. Not less than ten (10) days before the Pretrial Conference, counsel and/or the parties shall file and serve any objections to exhibits.

12 C. Exhibits and witnesses not included in the proposed Joint Pretrial Order pursuant to
13 Paragraph VI.A.1. above may not be used in a party's case-in-chief. Defense witnesses are
14 considered case-in-chief witnesses, not "rebuttal" witnesses. Objections to exhibits not raised
15 pursuant to Paragraph VI.A.2 are waived.

16 D. Two (2) Chambers' copies of all of the aforementioned documents shall be hand-
17 delivered to Chambers at the time of filing. The Joint Proposed Final Pretrial Order and Proposed
18 Findings of Fact and Conclusions of Law shall be submitted via e-mail as attachments, in
19 WordPerfect 13.0 format, to Judge Spero's Law Clerk Melissa_Dawson@cand.uscourts.gov, and to
20 Judge Spero's Courtroom Deputy Karen_Hom@cand.uscourts.gov. Hard copies must be provided as
21 well. All hard-copy submissions should be three-hole punched.

22 E. At the Final Pretrial Conference, the above submissions shall be considered and
23 argued.

PRETRIAL ARRANGEMENTS

25 F. Should a daily transcript and/or real-time reporting be desired, the parties shall
26 make arrangements with Debra Campbell, Supervisor of the Court Reporting Services, at (415) 522-
27 2079, at least ten (10) calendar days prior to the trial date.

1 G. During trial, counsel may wish to use overhead projectors, laser-disk/computer
2 graphics, poster blow-ups, models, or specimens of devices. Equipment should be shared by all
3 counsel to the maximum extent possible. The Court provides no equipment other than an easel. The
4 United States Marshal requires a court order to allow equipment into the courthouse. For electronic
5 equipment, parties should be prepared to maintain the equipment or have a technician handy at all
6 times. The parties shall tape extension cords to the carpet for safety. The parties may work with the
7 deputy clerk, Karen Hom (415-522-2035), on all courtroom-layout issues.

SCHEDULING

9 H. Trial will be conducted from 8:30 a.m. to 1:30 p.m. (or slightly longer to finish a
10 witness) with two fifteen-minute breaks, Monday through Thursday, excluding holidays.
11 Counsel must arrive by 8:15 a.m., or earlier as needed for any matters to be heard before the
12 evidence begins.

OPENING STATEMENTS

14 I. If openings are permitted, each side will have a predetermined time limit for
15 its opening statement (usually no more than 45 minutes per side). Counsel should meet and confer to
16 exchange any visuals, graphics or exhibits to be used in the opening statements, allowing for time to
17 work out objections and any reasonable revisions.

WITNESSES

19 J. At the close of each trial day, all counsel shall exchange a list of witnesses for the
20 next two full court days and the exhibits that will be used during direct examination (other than
21 for impeachment of an adverse witness). Within 24 hours of such notice, all other counsel shall
22 provide any objections to such exhibits and shall provide a list of all exhibits to be used with the
23 same witness on cross-examination (other than for impeachment). The first notice shall be
24 exchanged prior to the first day of trial. All such notice should be provided in writing.

25 K. The parties shall have all upcoming witnesses on the same day available in the
26 courthouse and ready to testify. Failure to have the next witness ready or to be prepared to
27 proceed with the evidence will usually be deemed to constitute resting. If counsel plans to read
28 in a transcript of a deposition, counsel must have a deposition prepared and vetted early on to

1 read into the record.

2 L. When there are multiple parties, counsel are responsible for coordination of the
3 cross-examination to avoid duplication.

4 M. On the first day of trial, counsel shall bring the original and clean copies of any
5 deposition(s) intended to be used during the course of the trial. Any corrections must be readily
6 available. If counsel need to use the deposition during a witness examination, they shall provide
7 the Court with a copy with any corrections at the outset of the examination.

8 N. In lieu of direct testimony, the Court will consider receiving “prepared direct”
9 testimony in the form of declarations. When the witness is presented, the proponent must
10 verbally summarize the direct. Live cross-examination and redirect shall then occur.

11 EXPERTS

12 O. At trial, direct testimony of experts will be limited to the matters disclosed in their
13 reports. Omitted material may not ordinarily be added on direct examination. Illustrative
14 animations, diagrams, charts and models may be used on direct examination only if they were part of
15 the expert report, with the exception of simple drawings and tabulations that plainly illustrate the
16 content of the report, which can be drawn by the witness at trial or otherwise shown to the Court. If
17 cross-examination fairly opens the door, however, an expert may go beyond the written report on
18 cross-examination and/or re-direct examination. By written stipulation, all parties may relax these
19 requirements. The Court will not permit Federal Rule of Evidence 703 to be used to admit otherwise
20 inadmissible evidence through the expert (*i.e.*, through the “back door”).

21 P. As to damages studies, the cut-off date for *past damages* will be as of the expert
22 report (or such earlier date as the expert may select). In addition, the experts may try to project
23 *future damages* (*i.e.*, after the cut-off date) if the substantive standards for future damages can be
24 met. With timely leave of Court or by written stipulation, the experts may update their reports
25 (with supplemental reports) to a date closer to the time of trial.

26 USE OF DEPOSITIONS TO IMPEACH AND SHORT READ-INS

27 Q. Depositions can be used at trial to impeach a witness testifying at trial or, in the case
28 of a party deponent, “for any purpose.” The parties shall abide by the following procedure:

1. Opposing counsel should have their copy immediately available.
2. When counsel reads a passage into the record, counsel should seek permission from the Court. For example, counsel should state: "I wish to read in page 210, lines 1 to 10 from the witness' deposition." A brief pause will be allowed for any objection.
3. The first time a deposition is read, counsel shall state the deponent's name, the date of the deposition, the name of the lawyer asking the question, and if it is a Federal Rule of Civil Procedure 30(b)(6) deposition.
4. When reading in the passage, counsel shall state "question" and then read the question exactly, followed by, "answer" and then read the answer exactly. Stating "question" and "answer" is necessary so the court reporter can follow who was talking at the deposition. Once the passage is on the record, move on. Opposing counsel may then immediately ask to read such additional testimony as is necessary to complete the context.
5. To avoid mischaracterizing the record, counsel should not ask, "Didn't you say XYZ in your deposition?" It is unnecessary to ask a witness if he "recalls" the testimony or otherwise to lay a foundation.
6. Subject to Federal Rule of Evidence 403, party depositions may be read into the record whether or not they contradict (and regardless of who the witness is on the stand). For example, a short party deposition excerpt may be used as foundation for questions for a different witness on the stand.

DEPOSITION DESIGNATION

R. The following procedure applies only to witnesses who appear by deposition. It does not apply to live witnesses whose depositions are read into the record while they are on the stand. No testimony may be designated that could reasonably have been designated before the jury trial in this case.

1. To designate deposition testimony, counsel shall photocopy the cover page,
2 the page where the witness is sworn, and then each page containing any
3 testimony to be proffered, with lines through portions of such pages not
4 proffered. In addition, counsel shall line through objections or colloquy
5 unless they are needed to understand the question. Any corrections must be
6 interlineated and references to exhibit numbers must conform to the trial
7 numbers. Such interlineations should be done by hand. The finished packet
8 should then be the actual script and should smoothly present the identification
9 and swearing of the witness and testimony desired. The packet must be
10 provided to all other parties at least twenty (20) calendar days before the
11 Pretrial Conference. For the rare case of voluminous designations, more lead
12 time will be required. Counsel are advised to be reasonable.
13. All other parties must promptly review the packet and highlight in yellow any
14 passages objected to and write in the margin the legal basis for the objections.
15 If a completeness objection is made, the objecting party must insert into the
16 packet the additional passages as needed to cure the completeness objection.
17 A completeness objection generally should be made only if a few extra lines
18 will cure the problem. Such additions shall be highlighted in blue and an
19 explanation for the inclusion shall be legibly handwritten in the margin.
20 Counsel must line out or x-out any irrelevant portions of the additional pages.
21. The packets, as adjusted, must then be returned to the proffering party, for
22 consideration of whether to accept the adjustments. The parties shall meet
23 and confer. Counsel for the proffering party must collate and assemble a final
24 packet that covers the proffer and all remaining issues. At least ten (10)
25 calendar days before the Pretrial Conference, the proponent must provide the
26 Court with the final packet, with any objected-to portions highlighted and
27 annotated as described above. If exhibits are needed to resolve the objections,
28 counsel should include copies, and highlight and tag the relevant passages.

1 The Court will then read the packet and indicate its rulings in the margin in a
2 distinctive manner. Ordinarily, argument will not be needed.

3 4. Counter-designations must be made by providing a packet with the counter-
4 designated passages to the proponent at the same time any objections to the
5 original proffer are returned to the first proffering party, who must then
6 supply its objections in the same manner.

7 5. When the packet is read in court, the examiner shall read the questions (and
8 any relevant colloquy) from the lectern while a colleague sits in the witness
9 stand and reads the answers. While reading the deposition the reader and
10 “witness” shall refrain from undue emoting, emphasis or other dramatization.
11 The same procedure shall be followed when a video deposition is to be played
12 instead, in order to facilitate rulings on objections. The video should omit any
13 dead time, long pauses, and objections/colloquy not necessary to understand
14 the answers.

15 **REQUESTS FOR ADMISSIONS AND INTERROGATORIES**

16 S. Please designate responses to requests for admissions and interrogatory answers
17 in the same manner and under the same timetable as deposition designations.

18 **EXHIBITS**

19 T. Prior to the final pretrial conference, counsel must meet and confer in person to
20 consider all exhibit numbers and objections and to eliminate duplicate exhibits and confusion
21 over the precise exhibit.

22 U. Use numbers only, not letters, for exhibits, preferably the same numbers as were used
23 in depositions. Blocks of numbers should be assigned to fit the need of the case (*e.g.*, Plaintiff has 1
24 to 100, Defendant A has 101 to 200, Defendant B has 201 to 300, etc.). A single exhibit should be
25 marked only once, just as it should have been marked only once in discovery pursuant to this
26 Court’s discovery guidelines). If the plaintiff has marked an exhibit, then the defendant should not
27 re-mark the exact document with another number. Different *versions* of the same document, *e.g.*, a
28 copy with additional handwriting, must be treated as different exhibits with different numbers. To

1 avoid any party claiming "ownership" of an exhibit, all exhibits shall be marked and referred to as
2 "Trial Exhibit No. _____," not as "Plaintiff's Exhibit" or "Defendant's Exhibit." If an exhibit
3 number differs from that used in a deposition transcript, then the latter transcript must be conformed
4 to the new trial number, if and when the deposition testimony is used (so as to avoid confusion over
5 exhibit numbers). There should be no competing versions of the same exhibit number; any
6 discrepancies must be brought to the Court's attention promptly.

7 V. The exhibit tag shall be in the following form:

8
9
10 UNITED STATES DISTRICT COURT
11 NORTHERN DISTRICT OF CALIFORNIA

12
13 **TRIAL EXHIBIT 100**

14 Case No. _____

15 Date Entered _____

16 By _____
Deputy Clerk

17
18 Place the tag on or near the lower right-hand corner or, if a photograph, on the back. Counsel should
19 fill in the tag but leave the last two spaces blank. The parties must jointly prepare a *single* set of all
20 trial exhibits that will be the official record set to be used with the witnesses and on appeal. Each
21 exhibit must be tagged, three-hole-punched, separated with a label divider identifying the exhibit
22 number, and placed in 3-ring binders. Spine labels should indicate the numbers of the exhibits that
23 are in the binders. Each set of exhibit binders should be marked as "Original". Deposit the exhibits
24 with the deputy clerk ten (10) days before the Pretrial Conference.

25 W. Counsel must consult with each other and with the deputy clerk at the end of each
26 trial day and compare notes as to which exhibits are in evidence and any limitations thereon. If there
27 are any differences, counsel should bring them promptly to the Court's attention.
28

1 X. In addition to the official record exhibits, a *single, joint* set of bench binders
2 containing a copy of the exhibits must be provided to the Court ten (10) days before the Pretrial
3 Conference, and should be marked as "Chambers Copies". Each exhibit must be separated with a
4 label divider identifying the exhibit number. (An exhibit tag is unnecessary for the bench set.)
5 Spine labels should indicate the numbers of the exhibits in the binders.

6 Y. Before the closing arguments, counsel must confer with the deputy clerk to make
7 sure the exhibits in evidence are in good order. Counsel may, but are not required to, jointly provide
8 a revised list of all exhibits actually in evidence (and no others) stating the exhibit number and a
9 brief, non-argumentative description (*e.g.*, letter from A. B. Case to D. E. Frank, dated August 17,
10 1999).

OBJECTIONS

12 Z. Counsel shall stand when making objections and shall not make speeches. Simply give
13 the legal basis for your objection (*e.g.*, “calls for speculation” or “objection, hearsay”).

14 AA. There can only be one lawyer per witness per party for all purposes, including
15 objections. Only one lawyer will be permitted to make the opening statement and closing argument
16 unless the Court has given prior approval to more than one lawyer doing so.

TIME LIMITS

18 BB. Ordinarily, the Court shall set fixed time limits at the final pretrial conference.
19 All of your examination time (whether direct, cross, re-direct or re-cross) for all witnesses and
20 side bar conference time must fit within your time limit and you may allocate it as you wish.
21 Opening and closing time limits shall be considered separately.

22 || IT IS SO ORDERED.

24 | DATED: May 19, 2008

United States Magistrate Judge
